Directory of Products and Services

Provided by CBIA Members
“Let’s Do Business with a Member”

CBIA’s objective is to help our members get more new homes built in California faster and more affordably, by developing public policy advocacy efforts that directly impact your business interests.

The membership of companies that provide our industry with products and services, help CBIA to provide strong leadership through advocacy, education, and information.

We are very pleased to share our new CBIA Directory of Products and Services, which provides contact information for member companies who are investing in CBIA efforts that protect and strengthen our industry and your business directly!

We request that you please consider the products and services provided by these CBIA Partner and CBIA Board Member companies.

Members working with other Members helps CBIA have a stronger voice!

Thank you for helping CBIA fight for you!
Even just one misguided code change or legislative measure at the state level can have a major impact on our industry and your company’s future success.

With this in mind:

The CBIA Board of Directors has established a goal to invest their purchasing dollars with Members that directly support CBIA.

The companies in this Directory realize that we are all “in this together” and are investing in CBIA efforts to protect our industry and your business.

May we encourage you to consider the products and services offered by the CBIA Partners and CBIA Board Members in this Directory?

If you would like to discuss how your company can be included in the CBIA Directory of Products and Services – please contact Beth Harris, Director of Business Development at bharris@cbia.org.

Aprilaire, a Division of Research Products Corp.
Healthy air is all we do at Aprilaire, and as the industry leader we want to take this opportunity to share information with you on how to create healthy air in your home. More than ever we feel a responsibility to spread the word on the importance of healthy air in the home, the science behind how a home’s air system works, and proven, best-practice healthy air solutions.

Blue Mountain Construction Services
For over 35 years Blue Mountain has been specializing in heating, air conditioning, and sheetmetal for residential, multi-family, and commercial construction. Our teams are at work every day installing the latest technology in the newest residential, multi-family, and assisted-living communities in California.

QC Manufacturing
QuietCool is offered as a standard product in many new home communities by the nation’s largest home builders. QuietCool has proven home after home to be the single most effective energy-efficient product a builder can install to meet compliance and at the lowest cost available on the market today. Simply put, installing whole house fans are becoming required to stay competitive in the ever-changing new home marketplace.

ROOFING PRODUCTS

Eagle Roofing Products
MEMBER OF THE CBIA BOARD OF DIRECTORS
From strong family roots, our business philosophy and vision have blossomed. Founded over 25 years ago by Robert Burlingame, Eagle began operations in the fall of 1989 with one high-pressure concrete tile extrusion machine. Today, Eagle’s Rialto, California facility is the largest in North America. In addition to Rialto, we operate facilities in Phoenix, Arizona, as well as Stockton, California and Sumterville, Florida meeting the demand for concrete roof tile across the sunbelt states and the rest of the U.S.
